Pedagogies for Sustainable Futures - Webinar

The Future of Insights

Co-created Lessons

Thank you so much for being part of the Insights Process. Your contributions have enabled us to frame a unit of work, break it down into themes and then into lessons which you helped design. The lessons are starting to be sent back to you now.

We would like you to review and give feedback on the lesson structure and content. If you can, or know someone who can facilitate these lessons in a pilot, please get in touch. We can adapt the pilot lessons to suit different settings and requirements

Insights Process

Looking to the future, we are using the lessons learned from Insights to redesign the process to follow several pathways. The intention is to be even more inclusive and more efficient.

There are 10 Units to choose from in our next round of co-creation, and we will be asking you for feedback on this process and would love you to join us again if you have capacity. Together, we can choose which unit to develop and test the next version of co-creation.

CURRICULUM FOR LIFE

A Token of Appreciation

We are grateful for the time and effort you've given to the co-creation work and youth video blogs! To show our appreciation towards your support for Curriculum for Life, we have prepared a little gift for you - a £20 voucher for Lend With Care, a microfinance lending initiative.

This gift will give you a chance to support and lend funding to entrepreneurs in developing countries. To help you, we have prepared a one-pager on how to use this gift voucher. Let us know if you need further support, and we can organise a quick chat about it.

Please note that this is not a sponsorship or partnership and the voucher was paid by Curriculum for Life, so we hope for you to utilise it to support small businesses you find promising!

Enjoy your gift!

lendwithcare
GIFT VOUCHER

TO: _____
FROM: _____
REDEMPTION CODE: _____
MESSAGE: _____
EXPIRES: _____

How it works:

- Visit lendwithcare.org/redeem to redeem your voucher.
- Choose an entrepreneur from a developing country.
- Lend them the value of this voucher, which they use to work their way out of poverty.
- Receive the loan repayments each month and choose another entrepreneur to invest in.

£

Lendwithcare is a revolutionary way for you to help people in developing countries work their own way out of poverty and transform their families' lives.

Brought to you by one of the world's leading aid and development charities, lendwithcare.org allows you to have a direct impact on their lives by choosing who you would like to lend to. Your loan will then be repaid for you to re-invest in another hard-working entrepreneur.
